

## WHAT IS “NEW GENERATION OF ROMA YOUTH” PROJECT ?

The New Roma Youth Project is an initiative dedicated to empowering Roma youth and enhancing their role in society. By focusing on inclusion, active participation, and combating discrimination, the project aims to create educational materials tailored to the unique needs of Roma communities across Europe, particularly ***in Romania, Spain, Bulgaria, and Turkey.***

The project addresses the civic engagement of Roma youth, encouraging them to take part in decision-making processes and helping them to understand their rights as European citizens. It also promotes key values such as diversity, inclusion, and social entrepreneurship, aiming to open doors for ***Roma youth to benefit from various opportunities offered by the Erasmus+ programme.***

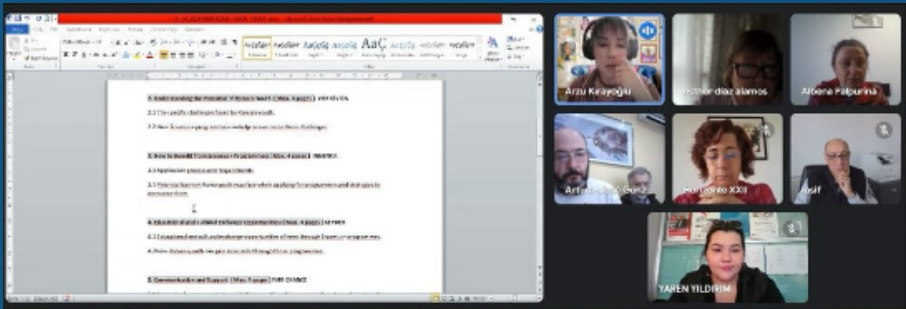

Ultimately, the project works toward raising awareness among community leaders, youth group representatives, and municipal workers about the challenges Roma youth face, fostering a society where they can be fully included and actively engaged in shaping their futures.

# TRANSNATIONAL MEETING IN BUZAU, ROMANIA

The first transnational meeting of the project “New Generation of Roma Youth” took place on December 13, 2023 in Buzău, Romania and brought all project partners together for the first time. During this important meeting we had the opportunity to get to know each other better, present our ideas and officially launch the project. Responsibilities were defined and the work on developing the training manual started. The meeting laid the foundation for the future success of our cooperation.

# ONLINE MEETINGS

After the meeting in Buzău, we held two online meetings with the participation of all partners. In these virtual meetings, we discussed the tasks we need to undertake in the project and exchanged ideas about the guide we are preparing for Roma youth. Additionally, we officially started working on the guide. We received information about the LTTA (Learning, Teaching, and Training Activity) that will take place in November in Sofia, Bulgaria, and discussed the draft agenda with the project partners.
